Refused to Land.

Six hundred and fifty laborers from Martinique, taken to Colon Friday on the French steamer Versailles under contract to work on the canal, refused to disembark or submit to vaccination, which is imperative under the American sanitary regulations. They clamored to be taken back to Martinique, asserting that they had been misinformed as to the conditions at Colon before they embarked, and that later they learned these conditions were intolerable and deadly. On Saturday morning, however, 500 o them were with difficulty persuaded to land, and these were sent to points along the line of the canal. One hundred and fifty remained on board, and declined to leave the ship under any consideration. These were forcibly ejected from the vessel yesterday afternoon by Panaman and There is no other relief and canal zone policemen, but not until nearly every one of them had been clubbed and several were bleeding from nasty wounds. All of Saturday and Saturday night the Versailles was guarded by Paraman policemen.

Early yesterday morning the French corsul at Colon, M. The men, however, were not amenable to this reasoning. Notwithstanding the efforts of the consul and of the Panaman and American officials, and despite the information given them by several of their countrymen that health and other conditions on the isthmus were satis factory, and that the terms of their em ployment would enable them to save money, they persistently refused to leave the ship, baring their breast and invading death in preference to going ash-

Three weeks ago he accidently shot a neighbor, William Wason, in the thigh. He was not arrested and Wason is recovering. Some-one told Dawley Saturday night that Wason would die and he would be arrested. It was told in a joke, but Dawley took it seriously, went home and got a revolver, announcing that he intended to commit suicide. His wife took the gun from him. Yesterday he found it again and committed the deed with a .32caliber revolver. Physicians say he can-
